DETAILED ACTION

REASONS FOR ALLOWANCE

Claims 1-20 and 27 are allowed.

The following is an examiner's statement of reasons for allowance:

Uchikoba et al. and Nakazato et al. fail to disclose the combination of all the limitations recited, including the first region being circularly enclosed by the second and third regions, the first region, the second region and the third region thereby forming a parasitic bipolar transistor in which the first region serves as a collector thereof and the second region and the third region serve as an emitter thereof.

Therefore, the overall structure of an input/output protection device is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
